4.3	Quality assurance	Estimates are released as per Advance release calendar.
5	**Accuracy and Reliability**	
5.1	Sampling error	Not applicable.
5.2	Measures of reliability	Supervision of Field Work, Scrutiny, checking & validation of data. Further, Estimates are generated by the 'Tabulation Software' provided by the Ministry of Statistics & Programme Implementation, GoI
6	**Timeliness**	
6.1	Timeliness*	As per Advance Release Calender
7	**Coherence and Comparability**	
7.1	Comparability – over time*	Results are comparable over time. However, in case of any deviation, appropriate remarks on the deviation is presented in the Report.
7.2	Coherence	Same as above
8	**Data Processing**	
8.1	Source data type*	Survey data obtained from Households
8.2	Frequency of data collection*	As per NSS Rounds
8.3	Mode and method of data collection	Paper & Pen Interviewing (PAPI)
8.4	Data validation*	Done as provided by the NSS 79th Round Tabulation Software containing set of scrutiny programme and other consistency checks
8.5	Data compilation	Data is compiled by the team of Data Processing & Analysis Unit

8.6	Data identifier(s)*	Aggregated data is disseminated
9	**Metadata Update**	
9.1	Metadata last posted	December, 2025
9.2	Metadata last update	December, 2025

Note:

All elements of the NMDS with (*) are mandatorily to be disseminated

Other elements of the NMDS are optional, however, data producing Ministry/Departments/Agencies are encouraged to disseminate as much information as available with them.

Dissemination of some of the elements of the NMDS may be applicable for the Surveys/Censuses whereas, some other elements may be applicable for the other datasets, such as administrative data, various indices, alternative Administrative data is the set of units and data derived from an administrative source. Administrative data collection is set of activities involved in the collection, processing, storage and dissemination of statistical data from one or more administrative sources. The equivalent of a survey but with the source of data being administrative records rather than direct contact with respondents.
